

CRM MAPS

Item Number	CP00154
Integrates with	Sage CRM
Module	Customer Relationship Management
Component Version Compatibility	6.0, 2012, 2014
Database Compatibility	MS SQL Server, Pervasive SQL
Description	Allows the user to get instantly directions to a client site with one click, using the user's company's address and the client's address as start and end locations. Makes trip reports consistent within the user's company, and it also is handy for last minute drive time scheduling to client sites.
